Interest

Apart from being a web developer, I enjoy most of my time being outdoors. I like walking around with my friends and go to tour with the. It gives me much pleasure.

When forced indoors, I follow a number of sci-fi and psychological thriller, crime, action, adventure and mystery movies and television shows, I am an aspiring chef, whenever I get time to cook always try to make something tasty and I spend a large amount of my free time exploring the latest tech news and technology advancements in the web development world.
